CERTIFIED MAIL -- RETURN RECEIPT REQUESTED

Anthony Christensen
Chief Operating Officer
RE Powell Distributing HQ
Powell-Christensen Inc.
501 E Wine Country Road
Grandview, Washington 98930

Re: Request for information regarding RE Powell's facilities located in Washington state

Dear Mr. Christensen:

The U.S. Environmental Protection Agency, Region 10 (EPA) is seeking information and documents relating to the environmental conditions at the facilities located at:

1. Powell-Christensen Inc., 1005 Wallace Way, Grandview, Washington 98930
2. RE Powell Distributing HQ AKA Powell-Christensen Inc., 501 E Wine Country Road, Grandview, Washington 98930
3. RE Powell Distributing AKA Powell-Christensen Inc., 151 N Commercial, Pasco, Washington 99301
4. Seaport Petroleum Detroit Avenue AKA Christensen West, LLC., 7800 Detroit Avenue SW, Seattle, Washington 98106
5. Seaport Petroleum, 2921 13th Avenue SW, Seattle, Washington 98144
6. RE Powell Distributing, North 2739 Pittsburg Street, Spokane, Washington 99207
7. Powell-Christensen Inc., 1825 Juanita Road, Sunnyside, Washington 98944
8. RE Powell Distributing Yakima Facility AKA Powell-Christensen Inc., 311 West I Street, Yakima, Washington 98902

Pursuant to the authority of Section 114 of the Clean Air Act (CAA), 42 U.S.C. § 7414 and of Section 104(e) of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), 42 U.S.C. § 9604(e), you are hereby requested to respond to the Information Request.

In the Information Request, EPA requests information concerning the presence and amount of CAA 112(r) regulated substances and the submission of a Risk Management Plan (Enclosure 1). A list of CAA 112(r) regulated substances is provided in Enclosure 2. EPA also requests information concerning the nature and extent of releases or potential releases from and storage of hazardous substances, pollutants, or contaminants at the facility (Enclosure 3).

The enclosed Statement of Certification (Enclosure 4) should be signed by a duly authorized officer or agent and returned with the response to this Information Request.

While EPA seeks your voluntary cooperation in this investigation, compliance with the Information Request is required by law. Failure to provide complete and truthful responses to this Information Request within **thirty (30) days** of your receipt of the request, or to adequately justify such failure to respond, may subject you to an enforcement action by EPA pursuant to Section 113(a)(3) of the CAA and/or Section 104(e) of CERCLA. Each of these statutes permits EPA to seek the imposition of penalties of up to \$37,500 for each day of non-compliance.

Please note that responses which are incomplete, ambiguous, or evasive may be treated as non-compliance with the Information Request. If you believe a question is not applicable to the facility, explain in detail the reason for that belief. Please be further advised that provision of false, fictitious, or fraudulent statements or representations may subject you to criminal penalties under 18 U.S.C. § 1001 or Section 113(c)(2) of the CAA, 42 U.S.C. § 7413(C)(2).

A complete copy of all responses should be sent to:

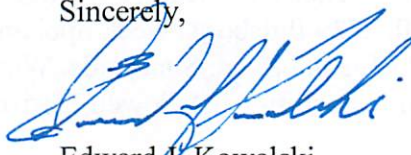

Javier Morales
U.S. EPA, Region 10
1200 Sixth Avenue, Suite 900, OCE-084
Seattle, Washington 98101

Suzanne Powers
U.S. EPA, Region 10
Washington Operations Office
300 Desmond Dr. SE, Suite 102
Lacey, Washington 98503

Due to the legal ramification of your failure to respond properly and promptly, EPA strongly encourages you to give this matter your immediate attention and to respond to this Information Request within the time frame specified above, unless prior to the date, you send a written request and receive approval from EPA for an alternate date.

If you have any questions regarding this request, please contact Javier Morales in the Office of Compliance and Enforcement at (206) 553-1255 for CAA technical matters, Suzanne Powers in the Washington Operations Office at (360) 753-9475 for CERCLA technical matters, or Julie Vergeront in the Office of Regional Counsel at (206) 553-1497 for legal matters.

Sincerely,

Edward J. Kowalski
Director

ENCLOSURE 1
CAA 112(r) INFORMATION REQUEST

A. INSTRUCTIONS

1. Please provide a separate narrative response to each question and subpart of a question set forth in this Information Request, with the number of the question to which it corresponds.
2. For each question contained herein, identify each document consulted, examined, or referred to in the preparation of the response or that contains information responsive to the question, and provide a true and correct copy of each such document if not provided in response to another specific request herein.
3. Indicate on each document produced in response to this Information Request, or in another reasonable manner, the number of the question to which it corresponds.
4. If requested information or documents are not known or are not available to you at the time of your response to this Information Request, but later become known or available to you, you must supplement your response to EPA. Moreover, should you find at any time after submission of your response that any portion is or becomes false, incomplete, or misrepresents the facts, you must provide EPA with a corrected response as soon as possible.
5. The information requested herein must be provided whether or not you regard part or all of it as a trade secret or confidential business information. You may, if you desire, assert a business confidentiality claim covering part or all of the information submitted pursuant to Sections 114 of the Clean Air Act, 42 U.S.C. § 7414, and 40 C.F.R. Part 2, by labeling such information at the time it is submitted to EPA as "trade secret" or "proprietary" or "company confidential" or other suitable notice.

The information covered by such a claim will be disclosed by EPA only to the extent and by the procedures set forth in statutes and 40 C.F.R. Part 2, Subpart B. Additional rules governing certain information obtained under the CAA appear in 40 C.F.R. § 2.301. Unless you make a claim at the time that you submit the information in the manner described in 40 C.F.R. § 2.203(b), it may be made available to the public by EPA without further notice to you. You should read 40 C.F.R. Part 2 carefully before asserting a business confidentiality claim, since certain categories of information are not properly the subject of such a claim.

6. All responses to requests for historical information should include information from **January 1, 2010**, to present, unless specified otherwise.

B. DEFINITIONS

The following definitions apply to this Information Request. All terms not defined herein shall have their ordinary meaning unless such terms are defined in the Clean Air Act or in the regulations at 40 C.F.R. Part 68.

1. The "company" refers to either the owner or operator of the facilities, or both. If a question would have a different response because the owner and operator are different entities, the response shall be made in relation to both.
2. The term "document" means any object that records, stores, or presents information, and includes writings, records, or information of any kind, formal or informal, whether wholly or partially handwritten or typed, whether in computer format, memory, or storage device, or in hard copy, including any form or format of these. If in computer format or memory, each such document shall be provided in translation to a form useable and readable by EPA, with all necessary documentation and support. All documents in hard copy should also include: (a) any copy of each

document which is not an exact duplicate of a document which is produced, (b) each copy which has any writing, notation, or the like on it, (c) drafts, (d) attachments to or enclosures with any document, and (e) every other document referred to or incorporated into each document.

3. The terms "identify" and "describe" mean, with respect to a corporation, partnership, business trust, or other association or business entity (including a sole association or sole proprietorship), to set forth its full name, address, legal form (e.g., corporation, partnership, etc.), registered agent, organization, if any, and a brief description of its business.
4. The terms "identify" and "describe" mean, with respect to a natural person, to set forth the person's name, present or last known business address and business telephone number, present or last known home address and home telephone number, and present or last known job title, position, or business.
5. The terms "identify" and "describe" mean, with respect to a document, to provide its customary business description, its date, its number, if any (catalog, index, storage, invoice or purchase order number), the identity of the author, addressor, addressee and/or recipient, the substance, and the subject matter.
6. The terms "person" or "entity" shall have the same definition as "person" as defined in Section 302(e) of the Clean Air Act, and shall include any individual, association, corporation, partnership, or any federal, state, or local governmental entity.
7. The terms "you" or "Respondent" mean the addressee of this Request, and the addressee's subsidiaries, divisions, officers, directors, managers, employees, contractors, trustees, partners, successors, assigns, attorneys, and agents, as applicable.
8. The terms "and" and "or" shall be construed either disjunctively or conjunctively as necessary to bring within the scope of this information request any information which might otherwise be construed to be outside its scope.
9. The term "vessel," as defined in 40 C.F.R. § 68.3, means any reactor, tank, drum, barrel, cylinder, vat, kettle, boiler, pipe, hose, or other container.
10. The term "regulated substance," as defined in 40 C.F.R. § 68.3, means any substance listed pursuant to Section 112(r)(3) of the Clean Air Act as amended in 40 C.F.R. § 68.130. Enclosure 2 provides this list of regulated substances and their threshold quantities.
11. The term "process," as defined in 40 C.F.R. § 68.3, means any activity involving a regulated substance including any use, storage, manufacturing, handling, or on-site movement of such substances, or combination of these activities. For the purposes of this definition, any group of vessels that are interconnected, or separate vessels that are located such that a regulated substance could be involved in a potential release, shall be considered a single process.
12. The term "process equipment" means all equipment used in the process.
13. The term "stationary source," as defined in 40 C.F.R. § 68.3, means any buildings, structures, equipment, installations, or substance emitting stationary activities which belong to the same industrial group, which are located on one or more contiguous properties, which are under the control of the same person (or persons under common control), and from which an accidental release may occur. The term stationary source does not apply to transportation, including storage incident to transportation, of any regulated substance or any other extremely hazardous substance under the provisions of 40 C.F.R. Part 68. A stationary source includes transportation containers used for storage not incident to transportation and transportation containers connected to equipment at a stationary source for loading or unloading. Transportation includes, but is not limited to, transportation subject to oversight or regulation under 49 C.F.R. Parts 192, 193, or 195,

or a state natural gas or hazardous liquid program for which the state has in effect a certification to Department of Transportation under 49 U.S.C. Section 60105. A stationary source does not include naturally occurring hydrocarbon reservoirs. Properties shall not be considered contiguous solely because of a railroad or pipeline right-of-way.

14. The term “threshold quantity,” as defined in 40 C.F.R. § 68.3, means the quantity specified for regulated substances pursuant to Section 112(r)(5) of the Clean Air Act as amended, listed in 40 C.F.R. § 68.130 and determined to be present at a stationary source. A threshold quantity of a regulated substance listed in 40 C.F.R. § 68.130 is present at a stationary source if the total quantity of the regulated substance contained in a process exceeds the threshold. For the purposes of determining whether more than a threshold quantity of a regulated substance is present at the stationary source, the exemptions in 40 C.F.R. § 68.115 apply. Enclosure 2 provides this list of regulated substances and their threshold quantities.
15. The term “Risk Management Plan” means the plan required by 40 C.F.R. Part 68, Subpart G if a stationary source has more than a threshold quantity of a regulated substance in a process.
16. The term “facility” means the property owned or operated by RE Powell at each of the following addresses (the property at each such address shall be referred to as a “facility” and these properties shall be referred to collectively as “the facilities”):
 1. Powell-Christensen Inc., 1005 Wallace Way, Grandview, Washington 98930
 2. RE Powell Distributing HQ AKA Powell-Christensen Inc., 501 E Wine Country Road, Grandview, Washington 98930
 3. RE Powell Distributing AKA Powell-Christensen Inc., 151 N Commercial, Pasco, Washington 99301
 4. Seaport Petroleum Detroit Avenue AKA Christensen West, LLC., 7800 Detroit Avenue SW, Seattle, Washington 98106
 5. Seaport Petroleum, 2921 13th Avenue SW, Seattle, Washington 98144
 6. RE Powell Distributing, North 2739 Pittsburg Street, Spokane, Washington 99207
 7. Powell-Christensen Inc., 1825 Juanita Road, Sunnyside, Washington 98944
 8. RE Powell Distributing Yakima Facility AKA Powell-Christensen Inc., 311 West I Street, Yakima, Washington 98902
17. Words in the singular shall be construed in the plural, and vice versa, where appropriate in the context of a particular question or questions.

C. INFORMATION REQUEST

Provide the following information for each facility, making clear in your response the facility to which the information applies:

1. Identify the legal owner of the facility. If the owner and operator of the facility are not the same entity, identify the operator of the facility and provide contracts/legal documents between entities as they relate to ownership, purchase or buy-back agreements and contract operation.
2. Provide the name of the facility, as used by the owner and operator, and the street and mailing addresses for the facility.
3. Provide the number of individuals employed full time on an annual basis by the company across all facilities and operations owned by the company. This number should include contract employees.
4. Provide the quantity, in pounds, of all regulated substances that are/were available at the facility above their respective threshold quantities in a single process since January 1, 2010, or that may

in the future be found above their respective thresholds as part of routine or emergency operations. If the facility has more than a threshold quantity of a regulated substance, but the regulated substance is in two or more processes that each contain less than the threshold quantity, provide that information and explain why the processes are considered to be separate processes. For every regulated substance found to be above the threshold quantity at the facility, provide the dates that the substance was above the threshold quantity, and its concentration.

5. Provide any available evidence that a Risk Management Plan was submitted for the facility, or that a Risk Management Plan was not required. If providing evidence that a Risk Management Plan was submitted, provide a copy of the Risk Management Plan and the accompanying signed certification letter, the dates that they were submitted on, and a copy of the address that they were submitted to.
6. Provide an accurate and up-to-date process flow diagram and site plan for the facility. If existing process flow diagrams do not represent a current configuration or rate, so state and provide current configurations and rates where appropriate. On the diagrams and site plans, using a key for clarity purposes, indicate where each regulated substance above the threshold quantity is located.
7. Provide a detailed narrative description of how each regulated substance above the threshold quantity is used at the facility, referring to the relevant process flow diagrams and site plans wherever possible. Describe in detail the chemical or physical changes occurring in each process for each regulated substance.
8. Provide the percent of total income for the facility derived from the direct sales by the facility of flammable substances identified in Question 4 to end users (*e.g.*, residences). Explain the basis for this calculation.

ENCLOSURE 3
CERCLA INFORMATION REQUEST

A. INSTRUCTIONS

1. Please provide a separate narrative response to each question and subpart of a question set forth in this Information Request, with the number of the question to which it corresponds.
2. For each question contained herein, identify each document consulted, examined, or referred to in the preparation of the response or that contains information responsive to the question, and provide a true and correct copy of each such document if not provided in response to another specific request herein.
3. Indicate on each document produced in response to this Information Request, or in another reasonable manner, the number of the question to which it corresponds.
4. If requested information or documents are not known or are not available to you at the time of your response to this Information Request, but later become known or available to you, you must supplement your response to EPA. Moreover, should you find at any time after submission of your response that any portion is or becomes false, incomplete, or misrepresents the facts, you must provide EPA with a corrected response as soon as possible.
5. The information requested herein must be provided whether or not you regard part or all of it as a trade secret or confidential business information. You may, if you desire, assert a confidentiality claim covering part or all of the information submitted pursuant to Sections 104(e)(7)(C), (E) and (F) of the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA), 42 U.S.C. § 9604(e)(7)(C), (E) and (F), and 40 C.F.R. Part 2, by labeling such information at the time it is submitted to EPA as "trade secret" or "proprietary" or "company confidential" or other suitable notice.

Information covered by such a claim will be disclosed by EPA only to the extent and by the procedures set forth in statutes and 40 C.F.R. Part 2, Subpart B. Unless you make a claim at the time that you submit the information in the manner described in 40 C.F.R. § 2.203(b), it may be made available to the public by EPA without further notice to you. You should read 40 C.F.R. Part 2 carefully before asserting a business confidentiality claim, since certain categories of information are not properly the subject of such a claim.

B. DEFINITIONS

The following definitions apply to this Information Request. All terms not defined herein shall have their ordinary meaning unless such terms are defined in Section 101 of CERCLA, 42 U.S.C. § 9601, Section 329 of the Emergency Planning and Community Right-To-Know Act (EPCRA), 42 U.S.C. § 11049, and 40 C.F.R. Parts 300 and 355.

1. The "company" refers to either the owner or operator of the facilities, or both. If a question would have a different response because the owner and operator are different entities, the response shall be made in relation to both.
2. The term "document" means any object that records, stores, or presents information, and includes writings, records, or information of any kind, formal or informal, whether wholly or partially handwritten or typed, whether in computer format, memory, or storage device, or in hard copy, including any form or format of these. If in computer format or memory, each such document

shall be provided in translation to a form useable and readable by EPA, with all necessary documentation and support. All documents in hard copy should also include: (a) any copy of each document which is not an exact duplicate of a document which is produced, (b) each copy which has any writing, notation, or the like on it, (c) drafts, (d) attachments to or enclosures with any document, and (e) every other document referred to or incorporated into each document.

3. The terms "identify" and "describe" mean, with respect to a corporation partnership, business trust, or other association or business entity (including a sole association or proprietorship) to set forth its full name, address, legal form (e.g., corporation, partnership, etc.), registered agent, organization, if any, and a brief description of its business.
4. The terms "identify" and "describe" mean, with respect to a natural person, to set forth the person's name, present or last known business address and business telephone number, present or last known home address, and home telephone number, and present or last known job title, position, or business.
5. The terms "identify" and "describe" mean, with respect to a document, to provide its customary business description, its date, its number, if any (catalog, index, storage, invoice or purchase order number), the identity of the author, addressor, addressee, and/or recipient, the substance, and the subject matter.
6. The term "person" has the same definition as in Section 101(21) of CERCLA: an individual, firm, corporation, association, partnership, consortium, joint venture, commercial entity, United States Government, State, municipality, commission, political subdivision of a State, or any interstate body.
7. The term "you" or "Respondent" mean the addressee of this Request, and the addressee's subsidiaries, divisions, officers, directors, managers, employees, contractors, trustees, partners, successors, assigns, attorneys, and agents, as applicable.
8. The terms "and" and "or" shall be construed either disjunctively or conjunctively as necessary to bring within the scope of this information request any information which might otherwise be construed to be outside its scope.
9. The term "hazardous substance" has the same definition as that contained in Section 101(14) of CERCLA, 42 U.S.C. § 9601(14), and includes any mixtures of such hazardous substances with any other substances, including petroleum products.
10. The term "hazardous chemical" has the same definition as that contained in Section 11049(5) of EPCRA, 42 U.S.C. § 11049(7), as further defined at Section 311(e) of EPCRA, 42 U.S.C. § 11021(e).
11. The term "extremely hazardous substance" means a substance listed in 40 C.F.R. Part 355, Appendices A or B.
12. The term "release" has the same definition as that contained in Section 101(22) of CERCLA, 42 U.S.C. § 9601(22), and includes any spilling, leaking, pumping, pouring, emitting, emptying, discharging, injecting, escaping, leaching, dumping, or disposing into the environment (including

the abandonment or discharging of barrels, containers, and other closed receptacles containing any hazardous substance or pollutant or contaminant).

13. The term "Tier II Emergency and Hazardous Chemical Inventory" means the chemical inventory required by 40 C.F.R. § 370.40(b) that contains Tier II information pursuant to 40 C.F.R. § 370.42.
14. The term "threshold planning quantity" means, for any hazardous substance as defined by the Occupational Safety and Health Act, the amount of hazardous substance present at the facility as described in 40 C.F.R. § 370.20.
15. The term "facility" means the property owned or operated by RE Powell at each of the following addresses (the property at each such address shall be referred to as a "facility" and the properties shall be referred to collectively as "the facilities"):
 1. Powell-Christensen Inc., 1005 Wallace Way, Grandview, Washington 98930
 2. RE Powell Distributing HQ AKA Powell-Christensen Inc., 501 E Wine Country Road, Grandview, Washington 98930
 3. RE Powell Distributing AKA Powell-Christensen Inc., 151 N Commercial, Pasco, Washington 99301
 4. Seaport Petroleum Detroit Avenue AKA Christensen West, LLC., 7800 Detroit Avenue SW, Seattle, Washington 98106
 5. Seaport Petroleum, 2921 13th Avenue SW, Seattle, Washington 98144
 6. RE Powell Distributing, North 2739 Pittsburg Street, Spokane, Washington 99207
 7. Powell-Christensen Inc., 1825 Juanita Road, Sunnyside, Washington 98944
 8. RE Powell Distributing Yakima Facility AKA Powell-Christensen Inc., 311 West I Street, Yakima, Washington 98902
16. Words in the singular shall be construed in the plural, and vice versa, where appropriate in the context of a particular question or questions.

C. INFORMATION REQUESTS

Provide the following information for each facility, making clear in your response the facility to which the information applies:

1. Identify the nature of the business conducted by Respondent at the facility.
2. Describe **all releases** that have occurred at the facility during the last **five years** involving hazardous substances or extremely hazardous substances. The descriptions should follow the same format as outlined in items 2(a) through 2(j) below, including but not limited to the following:
 - (a) Date, time, and duration of release;
 - (b) What hazardous substances and/or extremely hazardous substances were released and quantity (in pounds) of each;
 - (c) Circumstances of the release, including (1) how and where the release occurred, (2) any equipment malfunctions, (3) subsequent equipment repairs, (4) what environmental mediums (air, water, land) were affected by the release, and (5) how impact to each medium occurred;

- (d) The first person who initially discovered the release and the date and time of the discovery and a description of all actions taken by that person in response to the release;
 - (e) Each facility employee with information about the release, including dates and times that each employee received such information;
 - (f) Activities undertaken by the facility in response to the release, including the dates and times of each action;
 - (g) Each entity or agency of local, state, or federal government notified of the release (including the date, time and manner of the notification and the name and title of the person making the notification). Provide copies of any initial reports and follow-up reports that were made to each such government agency or entity;
 - (h) Quantity (in pounds) of each hazardous substance and/or extremely hazardous substance released beyond the boundaries of the facility and, for each, the method of determination of that quantity;
 - (i) Any Federal or State permits under which the release may have been covered. Cite the permits and permitted levels of emissions. Provide copies of these permits; and
 - (j) Any continuous release reports for CERCLA § 103(f), 42 U.S.C. § 9603(f), under which the release may have been covered. Provide copies of these reports.
3. Provide a copy of any Tier II Emergency and Hazardous Chemical Inventory form listing hazardous chemicals stored or used by the facility for calendar years 2010, 2011, 2012, 2013, and 2014, including any records of mailing such forms to the fire department with jurisdiction over the facility, the Local Emergency Planning Committee, and the Washington State Emergency Response Commission.
4. Provide a current, complete inventory of all chemicals which exceed the threshold planning quantity under EPCRA, the amount of each on site at the facility, and the date when each exceeded the EPCRA threshold planning quantity. Information about EPCRA and EPCRA threshold planning quantities can be found at http://www.epa.gov/oem/content/epcra/epcra_storage.htm.
5. If you have reason to believe that there may be persons able to provide a more detailed or complete response to any question contained herein or who may be able to provide additional responsive documents, identify such persons and the additional information or documents that they may have.
